

First Unitarian Society of Ithaca

Connect. Inspire. Engage.

Newsletter Policy

The Ithaca UU Connections is a newsletter published weekly from September through June by the Board of Trustees of the First Unitarian Society of Ithaca, New York. It is distributed electronically via email to church members and friends based on the church announce email list. Courtesy copies are mailed if requested.

The principal purpose of the Ithaca UU Connections is to inform the church members and friends of meetings and activities of the church and of the various groups established and sponsored by the church. A secondary purpose is to publish articles written by the church minister and staff, and other articles the Board and/or the minister has approved for publication. A third purpose is to distribute to church members and friends documents relating to church activities: e.g. service request forms, donation forms for the service auction, and religious education forms.

The Ithaca UU Connections is only to be used as a vehicle for advertising community events that are sponsored by the church, the UUA or directly related to the Vision of Ministry.
